DRIVER LICENSE, VEHICLE REGISTRATION AND LICENSE PLATES

The Ohio Bureau of Motor Vehicles is the agency responsible for issuing driver licenses and license plates.

Driver License – Once you are an Ohio resident, you need to become an official Ohio driver as soon as possible. You are considered an Ohio resident once you: take a job, sign a lease, buy a home, register to vote, or enroll children in school.

The driving test is usually waived for new residents who have a valid out-of-state license. Additionally, you will be required to show proof of full legal name, date of birth, Social Security number, proof of legal presence (U.S. Birth Certificate, valid U.S. Passport/Passport Card, Naturalization Papers, USCIS documents), and proof of residency.

Vehicle Registration, License Plates – If you own a vehicle, you will need to have it inspected. The purpose is to avoid registration of stolen vehicles. All deputy registrar license agencies offer this service and many, but not all, car dealerships as well. The inspection of your vehicle will verify the make, model, body type and manufacturer's serial number or vehicle identification number. An inspection form will be issued which will enable you to register the vehicle in a county Clerk of Courts Title Office. Once titled, you may purchase license plates at a license agency.

About

THE REGIONAL CHAMBER

Our Mission:

"To provide economic development, advocacy and business services to promote the growth of our members and Valley."

Our Vision:

"To be a catalyst for economic success, creating a prosperous Valley that is the preferred community in which to live, learn, work, and play."

Strategic Initiatives

The Youngstown/Warren Regional Chamber focuses its energy and resources on transformative strategies to prepare the area for sustained economic and job growth. Those big-picture initiatives are part of an aggressive strategy meant to increase economic prosperity and improve the quality of life in the region. The Regional Chamber isn't tackling these initiatives alone, but with key partners that include nonprofit and philanthropic groups, governments and other economic development agencies that collectively share the same Valley Vision. These initiatives are:

- Population and Talent Expansion
- Housing
- Diversity, Equity, Inclusion and Accessibility
- Leadership
- Center for Nonprofit Excellence

Government Affairs

The workings of federal, state and local government and their effects on the Mahoning Valley business community are the focus of the Government Affairs division. The Regional Chamber is an advocate for local business interests and seeks to influence those at all levels of government to improve the economic vitality of Youngstown, Warren and surrounding areas.

Sales & Services – Events, Marketing & Communications

The Sales & Services, Events, Marketing and Communications divisions assist Valley businesses through our myriad of benefits and cost-saving programs, networking and educational events and communications tools. Members save hundreds – even thousands – of dollars through our discount programs, make valuable professional connections and develop leads through our events, committees and councils and acquire knowledge to help them better manage and grow their operations.

Chamber Foundation

The Youngstown Warren Regional Chamber Foundation raises funds to support the Chamber's work and continued efforts on several transformational economic and workforce development endeavors that have Valley-wide impact.

The Foundation, a 501(c)3 charitable organization, works to catalyze a more prosperous and resilient business ecosystem through its support of strategic programs and initiatives to promote growth among members and the Valley.

They include talent attraction, housing, developing the next generation of community and business leaders, helping nonprofits excel and providing economic opportunities to minority-, women-, veteran- and disabled-owned businesses. Investing in or contributing to the Foundation directly supports the growth and development of our community.
